Family-owned. *Personally* accountable.

Absolute Transportation was transformed by Manmohan Komal — and it is still run by the same family today. That matters more than it sounds. When you call, you reach people whose name is on the door, not a call center reading from a script.

A national chain measures a bad trip as a statistic. We measure it as a guest we let down and a partner we may have embarrassed — so the same people who own the company answer the phone, dispatch the cars, and follow up after the ride.

"We build lasting relationships — with the guests we drive, and with the partners who trust us to represent them."

OUR STANDARD

Immaculate vehicles, professional chauffeurs, and a ride that feels calm from curb to curb. Nothing left to chance.

OUR PROMISE

Reliable, safe, and on time — because a missed pickup isn't an inconvenience to us, it's a broken promise to you.

OUR REACH

One dependable partner for the whole Northeast corridor — so you never have to hand your client to a stranger.

The car makes the first impression. *The chauffeur makes it last.*

Great chauffeurs aren't found. They're built — and we do the unglamorous work most companies skip in order to build them. The vetting. The background checks. The commercial licensing. The training on the hundred small things a client only notices when they're missing.

Why go that hard? Because you put your name on the line every time you recommend someone. So ours show up early, dressed sharp, and unshakable when travel goes sideways — the kind of professional who makes you look brilliant for sending them.

> *Do that enough times, and the trust you've spent years building doesn't just hold — it compounds.*

I	VETTED & LICENSED	Background-checked, licensed to commercial livery standards. Never an app driver.
II	TRAINED IN HOSPITALITY	Meet-and-greet, luggage, and the quiet courtesies of a five-star arrival.
III	LOCAL EXPERTISE	Airports, cruise ports, and back roads known by heart.
IV	DISCREET & COMPOSED	Calm under pressure, and confidential. What happens in the car stays in the car.
